The mortal danger of nuclear weapons is unique in its terrifying potential for devastation on an unprecedented and unimaginable scale. In this book, Sidney D. Drell and James E. Goodby—each with more than twenty years' experience in national security issues both in public and private capacities—review the main policy issues surrounding nonproliferation of nuclear weapons. They address the specific actions that the community of nations—with American leadership—should take to confront and turn back the nuclear danger that imperils humanity. The nuclear genie, say the authors, cannot be put back in the bottle. Our most urgent task as a nation today is to successfully manage, contain, and reduce the grave danger of nuclear weapons—whether in the hands of adversaries or friendly states. This book hopes to stimulate active public dialogue on this important subject.

When Shaharazad becomes enslaved, she must remain cool and calm to come up with a clever plan that will make the coldhearted king see her in a different light in order to change her future. Original.

A novel of the betrayals and rivalries that set a family of royals against each other in medieval England—and ignited a devastating conflict. Tumultuous. Passionate. Timeless. The marriage between Eleanor of Aquitaine and Henry Plantagenet was like no other, born of power, politics, and an all-consuming, fiery love. Within two years of their wedding, Henry conquered England and together they ruled a vast kingdom. At first they worked to unify and repair their war-torn lands—before being torn apart by intrigue, adultery, and deadly revenge. Henry II dreams of enacting a new judicial system, a common law that would help foster peace. But a devastating betrayal by his closest confidante, Thomas Becket, Archbishop of Canterbury, thrusts Henry into a rivalry that threatens to tear church and state apart. Eleanor, an accomplished ruler in her own right, steps in to help Henry quell the rebellions across their lands. But when she learns of her husband's secret romance with the fair, young Rosamund de Clifford, it shatters her heart and ignites a bitter vengeance that will engulf their family in treachery and betrayal. As Eleanor takes the side of her sons against their father, these young royals, chafing for power of their own, wreak havoc across the continent, igniting a war whose tragic consequences Eleanor could never have foreseen.

A practical, easy-to-understand guide to Balanced Scorecard for busy business leaders The Balanced Scorecard method is an analysis technique designed to translate an organization's mission and vision statement and overall business strategies into specific, quantifiable goals, and to monitor the organization's performance in achieving these goals. Much less technology driven than other analysis approaches, it analyzes an organization's overall performance in four regards: financial analysis, customer service, productivity and internal analysis, and employee growth and satisfaction. Balanced Scorecard Strategy For Dummies breaks down the basics of Balanced Scorecard in simple language with practical, Dummies-style guidance on getting it done. This book covers all the basics of Balanced Scorecard for busy executives and managers-and does it without the high price tag of most professional level Balanced Scorecard guides.

This book shows you how to design and establish a solid, effective, disaster prevention and relief strategy for all types of facilities. It is packed with plans, checklists, and other valuable tools, the book contains comprehensive instructions to help you: protect people, devise and integrate systems, develop management training programs, identify which of your organization's assets require protection, and how you will protect them and install a system for continuously updating your emergency response plan.

When an Atlantean warrior and a British cat burglar both try to steal the same jewel from the Tower of London on the same night, the sparks will fly. When a power-mad vampire gets to the jewel first, they have to team up to save all shapeshifters ... and the world. A warrior's mission, a woman's desire... What could Christophe, powerful Warrior of Poseidon, have in common with Fiona Campbell, prim and proper Scottish illustrator of fairytales by day and notorious jewel thief known as the Scarlet Ninja by night? Answer: The Siren, a legendary Crown Jewel that Fiona has targeted for her next heist. It's said to be worth millions, but to Christophe it's invaluable. For the Siren also happens to be one of the missing jewels from Poseidon's trident. And the unnatural evil that could destroy them both. But breaking into the Tower of London is a two-person job, so Christophe and Fiona team up to commit the crime of the century. As newfound passions fire their motives--and cloud their judgment--they realize they aren't the only ones after the priceless gem. A dark force is shadowing their every move, and threatening to shatter their trust with revenge, betrayal, and a haunting revelation about the past.

This volume brings together published and unpublished but seminal work in welfare, development, and public sector economics, providing an overview of much of the author's work.

Tom Bielawski is a bright light in today's dark sea of new writers. His writing gives me hope for the next generation of dreamers. I highly recommend both him and his works." - NYT Bestselling author, Tracy Hickman. A dark and powerful magic, lost the world for centuries, stirs once more. The Dark Disciples, infamous villains once thought vanquished, have returned. Carym of Hyrum, accused murderer, is freed from captivity by a band of criminals. To repay the debt he must undertake a quest to find the mythical Everpool and bring back a vial of its enchanted water. Minions of a dark god hunt Carym, for he is the key to unlocking a power greater than their own. If they cannot turn him, they will destroy him.
