But Diana touched them — literally. “ Diana was a real hugger in the royal family, ’ ’ said Sally Bedell Smith, author of “ Diana in ...~~

"It's easy to see why Parker's snappy banter and cynical eye have kept fans turning pages for 25 years . . . his wisecracks, combined with Parker's shorthand flair for scathing characterization, make for a satisfying read," said Entertainment Weekly of last year's Hush Money. Now Parker presents Spenser with a deceptively dangerous and multi-layered case: Someone has been killing racehorses at stables across the south, and the Boston P.I. travels to Georgia to protect the two-year-old destined to become the next Secretariat. When Spenser is approached by Walter Clive, president of Three Fillies Stables, to find out who is threatening his horse Hugger Mugger, he can hardly say no: He's been doing pro bono work for so long his cupboards are just about bare. Disregarding the resentment of the local Georgia law enforcement, Spenser takes the case. Though Clive has hired a separate security firm, he wants someone with Spenser's experience to supervise the operation. Despite a veneer of civility, Spenser encounters tensions beneath the surface southern gentility. The case takes an even more deadly turn when the attacker claims a human victim, and Spenser must revise his impressions of the whole Three Fillies organization--and watch his own back as well. With razor-sharp dialogue, eloquently spare prose, and some of the best supporting characters to grace the printed page, Hugger Mugger is grand entertainment.

Ellis Alves is no angel. But his lawyer says he was framed for the murder of college student Melissa Henderson...and asks Spenser for help. From Boston's back streets to Manhattan's elite, Spenser and Hawk search for suspects, including Melissa's rich-kid, tennis-star boyfriend. But when a man with a .22 puts Spenser in a coma, the hope for justice may die with him...

Pays tribute to Spenser, and Parker, with affection, humor, and a deep appreciation for what both have left behind.

Susan Silverman's ex doesn't call himself "Silverman" anymore--he's changed his name to "Sterling." And that's not the only thing that's phony about him. A do-gooding charity fundraiser, he's been accused of sexual harassment by no less than four different women. And not long after Spenser starts investigating, Sterling is wanted for a bigger charge: murder...

Take a trip to exotic South Florida with this dark, funny book that established Carl Hiaasen as one of the top mystery writers in the game. The first sign of trouble is a Shriner's fez washed up on a Miami beach. The next is a suitcase containing the almost-legless body of the local chamber of commerce president found floating in a canal... The locals are desperate to keep the murders under wraps and the tourist money flowing. But it will take a reporter-turned-private eye to make sense of a caper that mixes football players, politicians, and one very hungry crocodile in this classic mystery that GQ called “ one of the top ten destination reads of all time. ”

Spenser had a simple job-protect an art scholar during a ransom exchange for a stolen painting. No one was supposed to die. But the scholar had secrets no one knew, and uncovering them will endanger Spenser as well.

One of Boston ' s elite has been murdered. The accused is his new wife. She ' s blonde, beautiful, and young. The jury ' s going to hate her. With next-to-no alibi, and multi-million reasons to kill her husband, she needs the best defense money can buy. His name is Spenser, and he ' d give anything to believe her.

Considered by many to be mentally retarded, a brilliant, impatient fifth-grader with cerebral palsy discovers a technological device that will allow her to speak for the first time.

Publisher Fact Sheet Recalling Stephen Pinker's The Language Instinct, the author argues that humans are born with an "instinct for puzzles" that betrays a larger search for the meaning of life. This "instinct" has led to discoveries in mathematics and science, as well as revolutions in philosophical thought.

Finding the perfect rhyme becomes simple with a comprehensive reference book designed to aid songwriters, poets, and anyone searching for the perfect sound, with more than 85,000 words arranged in a simple and easy-to-use format.
