Within this single volume, surgeons and medical students are able to find up-to-date clinical information and advice needed to manage this unique condition of small renal masses. The book aims to present information on the topic in a clear and logical way, with the help of figures, tables, and images that will assist in the practical application of the skills that are obtained from the book. The growth of new technologies and the continued development of existing techniques have led to a considerable number of new options that can be offered to patients by urologists. Despite these advances, challenges still remain and this book offers individual solutions to each aspect of the management of small renal masses, so that every diagnosis can be tailored to each patient. Written by leading experts, this book gives expert insight and advice into the diagnosing and managing of this condition. From making an accurate diagnosis to selecting the appropriate treatment for the patient, this book will provide a comprehensive guide on all aspects of the management of small renal masses.

Small town romantic women's fiction with love, hope, second chances, and a happy ending! Note from *Mary: I love secondary*

characters: writing them, reading about them, even watching them on the big screen.

Secondary characters support the "stars"; make them more vibrant and compelling. But when the story ends, I'm often left wondering what they'd do if they were in the

"spotlight". That's why I've created special boxed sets that were part of That Second Chance series and the Truth in Lies series.

These boxed sets let the reader follow the before and after of select characters as they first appear in That Second Chance series and later in the fictional town of my bestselling Truth in Lies series. Boxed Set 6 contains The Butterfly Garden and A Family Affair: Return. I invite you to follow their journey!

The Butterfly Garden Sometimes love happens when you least expect it... Jenny Romano has never been a white-picket-fence, happily-ever-after girl. Despite a mother who rejected her free-spirited, unique ways as irresponsible and just plain wrong, Jenny has found happiness as a photographer, flitting around the country and snapping photos of other people's lives. Her older sister, Grace, has a husband, children, and a carpool schedule. She's the one their mother calls "perfect." But when tragedy strikes her sister's carefully constructed life, Jenny must step in and offer support. Soon, she finds herself in the sort of small-town suburban life she swore to avoid... Psychologist Elliot Drake spends so much time healing other people's pain and witnessing the backlash of caring

too deeply that he prefers to keep his own relationships short and bittersweet. He's loved and lost once and with a young daughter to raise, he's not willing to risk his heart again. But he's never met anyone quite like Jenny. Outrageous and unpredictable, she's a force of nature—not at all like her well-controlled older sister. Suddenly, Elliot isn't so sure that short-term is what he wants... Taken by surprise and unsure of the next step, Elliot and Jenny are about to discover that real life happens whether you want it to or not. Will they let real love happen, too? A Family Affair: The Return Magdalena, New York. Home of memories long buried, steamy nights, and one regrettable summer... Grace Romano had been seventeen, impressionable, innocent to the power of attraction and desire. Max Ruhland taught her about both. He loved Grace and thought they had a future together, until she crushed his heart and told him he wasn't part of her life plan. Twenty-two years later, Grace Romano Clarke is a widow with two children and a pile of broken dreams. When her aunt dies, she must return to Magdalena, the town she'd rather forget, to honor the woman's last wishes: stay in her house for thirty days, and complete a list that, according to her aunt, will reveal a bit about life and maybe reveal something about herself, too. What Grace doesn't know but will find out soon enough is that Max Ruhland must stay in the house with her and help complete the list!

Max Ruhland isn't the same lovesick puppy from the wrong side of the tracks who had his heart broken all those years ago. He's a wealthy, successful businessman who owes his good fortune to Grace's aunt, the woman who never gave up on him. Max can have any woman he wants, but he's never forgotten Grace, or how she hurt him. Now he'll have to spend the next thirty days with her—in close quarters—to honor her aunt's last wishes, and he's not looking forward to it. It's going to get very interesting as the town watches and wonders what's going on between those two. Of course, Pop Benito understands exactly what's happening in the house on Bayberry Street, even if Max and Grace don't. He's the one who helped Grace's aunt create the thirty-day list, which he insists will finally get this couple their happily-ever-after!

enabling factors, identified by the United Kingdom's leading agile consulting firm, Agile Centre. An ever-growing pile of frameworks and tools falsely offer an "easy route" to organizational agility. However, responding to rapid market change requires you alter so much more than just your way of working. Your work style is only one of six factors that the Agile Centre's research identifies as the key to success. From years of experience certifying people in agile leadership, product ownership, and scrum mastery, Karim Harbott has created a model that will help your organization achieve all six factors required for success: leadership, culture, structure, engagement, and governance as well as ways of working together. Drawing from Harbott's famous Business Agility Canvas, this book will help leaders get realistic about the scope of the changes needed in their organization and show them how to get started.

World Through Kingdom Culture buffet. The spread includes not just food and water, but all the materials needed for shelter, clothing, healthcare, and education. How do you know how much to take? How much is enough to leave for your neighbors behind you—not just the six billion people, but the wildlife, and the as-yet-unborn? In the face of looming ecological disaster, many people feel the need to change their own lifestyles as a tangible way of transforming our unsustainable culture. Radical Simplicity is the first book that guides the reader to a personal sustainability goal, then offers a process to monitor progress to a lifestyle that is equitable amongst all people, species, and generations. It employs three tools to help readers begin their customized journey to simplicity: It uses refined tools from Our Ecological Footprint so readers can measure how much nature is needed to supply all they consume and absorb their waste. Combining lyrical narrative, compassionate advocacy, and absorbing science, Radical Simplicity is a practical, personal answer to twenty-first century challenges that will appeal as much to Cultural Creatives and students as to spiritual seekers, policy makers, and sustainability professionals.

What goes on in a small firm that lives or dies by its capacity to innovate? How are decisions made on new product development, and how does that feed into the ecological, social and financial sustainability of the

firm? This book answers the questions through an in-depth look at a small business that manufactures high-end carpet yarn. Using advanced analytical techniques to interrogate rich qualitative data, the book draws together established theories of decision-making and new product development, coupled with thinking about business sustainability to improve our understanding of this important area of business practice. The book further reinforces the importance and role of organizational learning in organizational decision-making, based on novel analysis of empirically developed qualitative data.
