Stick to The Plan. The worst thing you can do is only do this workout for 2-weeks. Stick to it for 6-weeks. Perfect your form, increase weight, get stronger and everything else will get better for you. After the 6-weeks are up, you could just continue to do the same exercises. You could just mix up the order, number of sets, reps and load.

6-Week Workout Routine for Muscle and Strength

The American College of Sports Medicine recommends doing 30 minutes of moderately intense cardio five days a week, or 20 minutes of vigorous cardio three days a week. A six-week aerobic program can include training for a race or shifting among swimming, cycling or walking and adding frequency, duration and intensity each week.
