Abuse or alcoholism are terms that are used interchangeably but have different meanings.

Alcohol abuse is when someone drinks too much on occasion, and this habit frequently results in poor judgment and risky behavior. The use of alcohol, in this case, is more recreational and it not needed by the person to

Addiction Blog

Alcohol may be used as a coping mechanism to numb the physical and/or emotional pain and trauma caused by domestic abuse.

Intimate partner violence can be a major contributor to stress and anxiety, and stress is often a factor in drug and alcohol abuse and addiction.
