"New York Times" bestseller Jeffrey Archer continues his beloved Clifton Chronicle series as Harry and Emma finally begin building a happy life--but a dangerous family enemy is about to resurface "Best Kept Secret" opens a moment after the end of "The Sins of the Father," with the resolution of the trial and the triumphant marriage of Harry Clifton and Emma Barrington, finally uniting their family. Harry, now a bestselling novelist, Emma, their son Sebastian, and orphaned Jessica make a new life for themselves, but all is not as happy and secure as it could be. Emma's brother, Giles, is engaged to a woman who may be more interested in Barrington's fortune and title than in a long and happy marriage. And Sebastian, though he is bright, isn't quite the hard worker that his father was at school, and finds a hard time resisting the temptations that his somewhat unsavory friends provide. It all comes to a head when a new villain is uncovered, a face from the past with grudges against both Harry and Giles--Fisher, who tortured Harry at school and later took credit for Giles' heroics during the war. Fisher teams up with Giles' now ex-wife to wreak havoc on Giles' latest election as well as meddle with affairs inside Barringtons, while Harry and Emma must deal with a new scheme that Sebastian has unwittingly fallen into with a supposed friend. The drama continues for Harry Clifton and his family, bringing this mesmerizing saga into the 1960s.

From the internationally bestselling author Jeffrey Archer comes Only Time Will Tell, the first in the ambitious Clifton Chronicles series that tells the story of one family across generations, across oceans, from heartbreak to triumph. The epic tale of Harry Clifton's life begins in 1920, with the words "I was told that my father was killed in the war." A dock worker in Bristol, Harry never knew his father, but he learns about life on the docks from his uncle, who expects Harry to join him at the shipyard once he's left school. But then an unexpected gift wins him a scholarship to an exclusive boys' school, and his life will never be the same again. As he enters into adulthood, Harry finally learns how his father really died, but the awful truth only leads him to question, was he even his father? Is he the son of Arthur Clifton, a stevedore who spent his whole life on the docks, or the firstborn son of a scion of West Country society, whose family owns a shipping line? This introductory novel in Archer's engrossing series The Clifton Chronicles includes a cast of colorful characters and takes us from the ravages of the Great War to the outbreak of the Second World War, when Harry must decide whether to take up a place at Oxford

or join the navy and go to war with Hitler's Germany. From the docks of working-class England to the bustling streets of 1940 New York City, *Only Time Will Tell* takes readers on a journey through to future volumes, which will bring to life one hundred years of recent history to reveal a family story that neither the reader nor Harry Clifton himself could ever have imagined.

From #1 New York Times bestselling author Jeffrey Archer The sweeping saga of the Cliftons—across generations, from Europe to America, through heartache and rivalry and triumph—is about to reach its stunning conclusion. Harry Clifton's story began in 1920, as a dock worker in England, and now he is set to write his magnum opus. As he reflects on his days, the lives of his family continue to unfold, unravel, and intertwine in ways no one could have imagined . . . Harry's wife Emma, who just completed her time at the Bristol Royal Infirmary, receives a surprise call from Margaret Thatcher. Meanwhile, Giles Barrington discovers a shocking truth about his wife, Karin. Sebastian Clifton becomes chairman of Farthings Kaufman bank, but only after Hakim Bishara's abrupt resignation. Sebastian's daughter Jessica is expelled from school, but her aunt Grace comes to the rescue. And Lady Virginia, who is set to flee the country to avoid her creditors, finds an opportunity to clear her debts after the Duchess of Hertford dies—and a way to finally trump the Cliftons and Barringtons.

Bestselling author Jeffrey Archer's *Be Careful What You Wish For* opens with Harry Clifton and his wife Emma rushing to hospital to learn the fate of their son Sebastian, who has been involved in a fatal car accident. But who died, Sebastian or his best friend Bruno? When Ross Buchanan is forced to resign as chairman of the Barrington Shipping Company, Emma Clifton wants to replace him. But Don Pedro Martinez intends to install his puppet, the egregious Major Alex Fisher, in order to destroy the Barrington family firm just as the company plans to build its new luxury liner, the MV Buckingham. Back in London, Harry and Emma's adopted daughter wins a scholarship to the Slade Academy of Art where she falls in love with a fellow student, Clive Bingham, who asks her to marry him. Both families are delighted until Priscilla Bingham, Jessica's future mother-in-law, has a visit from an old friend, Lady Virginia Fenwick, who drops her particular brand of poison into the wedding chalice. Then, without warning, Cedric Hardcastle, a bluff Yorkshireman who no one has come across before, takes his place on the board of Barringtons. This causes an upheaval that none of them could have anticipated, and will change the lives of every member of the Clifton and Barrington families. Hardcastle's first decision is who to support to become the next chairman of the board: Emma Clifton or Major Alex Fisher? And with that decision, the story takes yet another twist that will keep you on the edge of your seat. *Be Careful What You Wish For* showcases the master storyteller's talent as never before - when the Clifton and Barrington families march forward into the sixties, in this epic tale of love, revenge, ambition and betrayal.

NEW YORK TIMES BESTSELLING author Jeffrey Archer-returns with a powerful tale of twins separated by fate and reunited by destiny. In Hartford, Connecticut, in the late 1940s, a set of twins is parted at birth-not by accident. Nat Cartwright goes home with his parents, a schoolteacher and an insurance salesman, while his twin brother begins his days as Fletcher Davenport, son of a millionaire and his society wife. During the 1950s and 1960s, the two brothers grow up apart, following

similar paths that take them in different directions. Nat leaves college at the University of Connecticut to serve in Vietnam, then finishes school, earns his MBA, and becomes a successful currency dealer. Fletcher, meanwhile, graduates from Yale University with a bachelor's and a law degree, going on to distinguish himself as a criminal defense lawyer. At various times in their lives, both men are confronted with challenges and obstacles, tragedy and betrayal, loss and hardship, before they both decide to run for governor, unaware they are brothers.... In the tradition of Jeffrey Archer's most popular books, *Sons of Fortune* is as much a chronicle of a nation in transition as it is the story of the making of these two men -and how they eventually discover the truth-and its tragic consequences.

On the heels of the international bestseller *Only Time Will Tell*, Jeffrey Archer picks up the sweeping story of the *Clifton Chronicles*.... Only days before Britain declares war on Germany, Harry Clifton, hoping to escape the consequences of long-buried family secrets, and forced to accept that his desire to marry Emma Barrington will never be fulfilled, has joined the Merchant Navy. But his ship is sunk in the Atlantic by a German U-boat, drowning almost the entire crew. An American cruise liner, the *SS Kansas Star*, rescues a handful of sailors, among them Harry and the third officer, an American named Tom Bradshaw. When Bradshaw dies in the night, Harry seizes on the chance to escape his tangled past and assumes his identity. But on landing in America, he quickly learns the mistake he has made, when he discovers what is awaiting Bradshaw in New York. Without any way of proving his true identity, Harry Clifton is now chained to a past that could be far worse than the one he had hoped to escape.

Cat o'Nine Tales is the fifth collection of irresistible short stories from the master storyteller. Ingeniously plotted, with richly drawn characters and Jeffrey Archer's trademark of deliciously unexpected conclusions, this new collection has the added bonus of thirteen charming illustrations by the internationally acclaimed artist Ronald Searle. Some of these twelve stories were inspired by the two years Jeffrey Archer spent in prison, including the story of a company chairman who tries to poison his wife while on a trip to St. Petersburg---with unexpected consequences. "The Red King" is a tale about a con man who discovers that an English lord requires one more chess piece to complete a set that would be worth a fortune. In another tale of deception, "The Commissioner," a Bombay con artist ends up in the morgue after he uses the police chief as bait in his latest scam. "The Perfect Murder" reveals how a convict manages to remove an old enemy while he's locked up in jail, and then set up two prison officers as his alibi. In "Charity Begins at Home," an accountant realizes he has achieved nothing in his life, and sets out to make a fortune before he retires. And then there is Archer's favorite, "In the Eye of the Beholder," in which a handsome star athlete falls in love with a three-hundred-pound woman . . . who happens to be the ninth-richest woman in Italy. Jeffrey Archer is the only author to have topped international bestseller lists with his fiction, nonfiction, and short stories. *Cat o'Nine Tales* is Archer at his best: witty, poignant, sad, surprising, and unforgettable.

Mightier than the Sword opens with an IRA bomb exploding during the *MV Buckingham's* maiden voyage across the Atlantic - but how many passengers lose their lives? When Harry Clifton visits his publisher in New York, he learns that he has been elected as the new president of English PEN, and immediately launches a

campaign for the release of a fellow author, Anatoly Babakov, who's imprisoned in Siberia. Babakov's crime? Writing a book called Uncle Joe, a devastating insight into what it was like to work for Stalin. So determined is Harry to see Babakov released and the book published, that he puts his own life in danger. His wife Emma, chairman of Barrington Shipping, is facing the repercussions of the IRA attack on the Buckingham. Some board members feel she should resign, and Lady Virginia Fenwick will stop at nothing to cause Emma's downfall. Sir Giles Barrington is now a minister of the Crown, and looks set for even higher office, until an official trip to Berlin does not end as a diplomatic success. Once again, Giles's political career is thrown off balance by none other than his old adversary, Major Alex Fisher, who once again stands against him at the election. But who wins this time? In London, Harry and Emma's son, Sebastian, is quickly making a name for himself at Farthing's Bank in London, and has proposed to the beautiful young American, Samantha. But the despicable Adrian Sloane, a man interested only in his own advancement and the ruin of Sebastian, will stop at nothing to remove his rival. Jeffrey Archer's compelling Clifton Chronicles continue in this, his most accomplished novel to date. With all the trademark twists and turns that have made him one of the world's most popular authors, the spellbinding story of the Clifton and the Barrington families continues.
