This work covers all four mandatory units and eleven of the optional units, so learners have enough for the ward, certificate, and diploma. Practice assignments and assessment guidance will also help learners to achieve their potential in internally assessed units.

Take the guesswork out of BTEC assessment with sample student work and assessor feedback for all pass, merit and distinction criteria. By focusing on assessment this compact guide leads students through each pass, merit and distinction criterion by clearly showing them what they are required to do. - Provides a sample student answer for every single pass, merit and distinction criterion, together with detailed assessor's comments on how work can be improved, so that students know exactly what their work needs to show to hit their grade target - Saves you time - realistic model assignments are included and provide an opportunity to generate all evidence, with each criterion and grade clearly indicated, so there is no need to rewrite yet more assignment briefs - Use instead of a textbook - detailed revision-style summaries of all the learning aims from the unit support students, allowing them to quickly find the facts and ideas they will need for their assessment - Enables you to customise your course - combine this guide with others in the series so you only pay for the units you deliver

Written by an expert author team of BTEC teachers and professions, this Student Book includes:

A clearly written and easily accessible textbook that encourages independent study, covering all the core material required for the BTEC First Certificate and Diploma. Knowledge-check questions and activities are included throughout, along with review questions and worked mathematical examples, all of which relate to real-world engineering contexts. Students will gain a valuable insight into various areas of engineering technology and related industries, providing a potential springboard to further training, qualifications, or suitable employment. For those students wishing to progress to BTEC National, this textbook covers all the vital material required as a prerequisite to NVQ Level 3. New in this edition: • Updated in line with the 2010 changes to the BTEC First specifications • Includes detailed information on assessment, featuring example questions and answers • Layout and design changes provide extra clarity
