I was astonished to read in the Sept. 18 article "Group formed to help Black babies" that 12 out of every 1,000 Black babies born in Dane County from 2016-2018 did not live to celebrate their first birthday, compared to 4.3 per 1,000 white babies. I could not comprehend how the black infant mortality rate was more than double that of whites.

...

Research from the U.S. Department of Health and Human Services' Office of Minority Health show Black infants have 2.3 times the infant mortality rate as white infants. Health officials say those factors can include stress, implicit bias, and premature babies. "What surprises us, and disturbs us in some ways, is that class and economic stability don't impact that," says Pam Oliver, OBGYN, EVP and president of Novant Health Medical Group.
