District Mines is a platinum group and precious metals exploration and development company with a goal of becoming a low-cost supplier of. The Company holds a sulphide-based palladium target in the Okanagan of mineral rich British Columbia, Canada. The Company 's wholly-owned flagship project is the Night Owl Palladium Project.

**District Mines—Home**

Mining in Cornwall and Devon, in the southwest of England, began in the early Bronze Age, around 2150 BC, and ended with the closure of South Crofty tin mine in Cornwall in 1998. Tin, and later copper, were the most commonly extracted metals. Some tin mining continued long after the mining of other metals had become unprofitable.
