Theory directly influences the interventions used by counselors and therapists to promote a client's new insight, new behavior, and new approaches to relationships and problem solving.

Theories and Interventions - American Counseling Association

Family therapy or family counseling is a form of treatment that is designed to address specific issues affecting the health and functioning of a family. It can be used to help a family through a difficult period, a major transition, or mental or behavioral health problems in family members ("Family Therapy", 2014).
