Not the fifty greatest American short stories, just fifty good American short stories. Crane oftentimes rejected the better known works from the short fiction masters and also included some little known short stories from well-known novelists. So, there are many good stories here, but few truly exceptional ones.

The short story style lends itself to brief, sharp stories that often rely on the short-comings of humanity to pack their punch. This collection has engulfed itself deeply in that style. There are two stories back-to-back about freezing to death, and I'd say at least one-third (closer to half probably) of them include a death or refer to one as a plot driver.
