A unique comprehensive textbook of the distinctives of the Pentecostal movement.

Read Book Foundations Of Pentecostal Theology Hardcover

This is not just "another" book of systematic theology. It is unique! In this volume, you will find thorough explanations of the fundamental doctrines of the Christian church, presented not as a theory, but as teaching to be believed and practiced. Those doctrines that are considered to be "distinctives" of the Pentecostal movement (Divine Healing, the Baptism with the Holy Spirit, and spiritual gifts) are given more extensive treatment. Co-authored by seasoned and trustworthy men who devoted their lives to scholarly study of the Word, systematic teaching, and expository preaching, this book provides an unmatched resource for all who seek to know sound doctrines that can be incorporated into life and ministry. To our knowledge, there is not another textbook of Pentecostal theology as comprehensive as this.

Winner of the Pneuma Book Award 2018, from The Society for Pentecostal Studies. Pentecostalism is the most rapidly growing branch of Christianity since the 20th century, yet it does not lend itself well to a singular doctrine and there is, therefore, no single comprehensive account of Pentecostal theology worldwide. In this volume, Wolfgang Vondey suggests an account of Pentecostal theology that is genuine to Pentecostals worldwide while allowing for different adaptation and explication among the various Pentecostal groups. He argues that Pentecostal theology is fundamentally concerned with the renewal of the Christian life identified by the transforming work of the Holy Spirit and directed toward the kingdom of God. The book unfolds in two main parts illustrating the full gospel story and theology. Eleven chapters identify the spiritual underpinnings and motivations for Pentecostal theology, formulate a Pentecostal theology of action, translate, apply, and exemplify Pentecostal practices and experiences, and integrate Pentecostal theology in the

wider Christian tradition.

Baptized in the Spirit creatively examines the most recent trends in Pentecostal and charismatic theology, especially with regard to the displacement of Spirit baptism as Pentecostalism's central distinctive. The author begins by focusing on the significance of the Holy Spirit in reciprocal and mutual work with the Son in fulfilling the will of the Father. He also shows how the pneumatological emphases in Pentecostal and charismatic theology can help to correct the tendency in Western Christianity to subordinate the Spirit to the Word.

The times have long passed when Pentecostals were viewed as Protestantism's untouchables. Today, the shock waves from Azusa Street have influenced countless Evangelicals worldwide. But if dialogue between Pentecostals and Evangelicals has awakened within the latter a thirst for the power of God's Spirit, it has challenged Pentecostals to examine their theology more deeply in the light of his Word. Just how firm is the biblical foundation on which they stand? Spirit and Power provides a cutting-edge look at Pentecostal theology. It addresses the concern expressed by its authors and echoed throughout charismatic churches today: "Although our Pentecostal forefathers intuitively grasped the correlation between the reality they experienced and the promise of Acts 1:8, they did not always articulate their theology in a manner that was convincing to other believers committed to the authority of Scripture." In response, theologians William and Robert Menzies explore Pentecostalism in a scholarly and current light. Spirit and Power is no mere paraphrase of dated approaches. It is a fresh and penetrating look at the whys and wherefores of Pentecostal doctrine that sets a new standard for Spirit-filled

Read Book Foundations Of Pentecostal Theology Hardcover

theology. Whatever your persuasion may be as a Christian, this book's thoughtfulness, balance, and biblical integrity will help you appreciate more fully the strengths of the Pentecostal stance. Laying the groundwork for an accurate understanding of Luke's writings in particular, the authors help you grasp the foundations of Pentecostal theology from the standpoints of history, hermeneutics, and exegesis. Then, in Part Two, they give you an in-depth look at specific Pentecostal concerns: the baptism of the Holy Spirit as a blessing subsequent to salvation, evidential tongues, signs and wonders, healing in the atonement, and more. You'll deepen your understanding of the basis for Pentecostal beliefs. And you'll gain a feel for the mutually beneficial dialogue that continues between Pentecostals and Evangelicals today.

Leading evangelical mission experts offer a comprehensive theology of mission text, providing biblical, historical, and contemporary perspectives.

Pentecostals are often portrayed as emotional people who are driven largely by experience. In *Christ-Centered*, Menzies argues that this caricature misses the fact that Pentecostals are fundamentally "people of the book." Although Pentecostals encourage spiritual experience, they do so with a constant eye to Scripture. The Bible, and particularly the book of Acts, fosters and shapes pentecostal experience. Additionally, Pentecostals are defined by their emphasis on a personal relationship with Jesus Christ. At its heart, the pentecostal movement is not Spirit-centered, but rather Christ-centered. The work of the Spirit, as Pentecostals understand it, centers on exalting and bearing witness to the Lordship of Christ. Menzies develops these themes by examining the origins, biblical foundations, and missional orientation of the

modern pentecostal movement. He concludes that, in spite of contradictory messages from some in fundamentalist pews and the pentecostal academy, Pentecostals are and have always been solidly evangelical.

In this quick and vibrant little book, Kelly Kapic presents the nature, method and manners of theological study for newcomers to the field. He emphasizes that theology is more than a school of thought about God, but an endeavor that affects who we are. "Theology is about life," writes Kapic. "It is not a conversation our souls can afford to avoid."

Divino Compañero explores the necessary foundations for constructing a Hispanic Pentecostal Christology. Although traditionally Pentecostal Christologies have been anchored in a two-nature Chalcedonian model, Alfaro proposes that Spirit-Christology is a more suitable paradigm for a Hispanic Pentecostal Christology, provided it is grounded in the experience, faith, and worship of its community and oriented toward liberative praxis. After reviewing the christological reflection of early Pentecostals and the contemporary turn to Spirit-Christology, Alfaro lays out the main components needed to construct a christological model born out of the Hispanic Pentecostal reality, rooted in the broader Pentecostal christological imagination, and informed by the Pentecostal way of doing theology. Following this method, Alfaro concludes the central metaphor of Hispanic Pentecostal Christology is El Divino Compañero, for in their pilgrimage through this world it is Jesus, the Divine Companion, who through the Spirit guides and nurtures his followers on their way back home.

The theological work and vision of New Testament scholar N.T. Wright is justifiably well-known across the academy and

Read Book Foundations Of Pentecostal Theology Hardcover

the church. In this volume a variety of Pentecostal biblical and theological scholars engage his work on many points including: identification of the broad implications of his work for Pentecostals (Jeffrey S. Lamp), Wright's view of Jesus' self-understanding (Chris E.W. Green), the pneumatological dimensions of his hermeneutical method (Timothy Senapatiratne), the relationship between Wright's view of justification and the 'Cry of the Spirit' (Rick Wadholm Jr), the relationship between justification and the Spirit (Frank D. Macchia), reading Paul through the lens of Dispensationalism (Glen W. Menzies), the communion of the Saints in Wright's eschatological perspective (Janet Meyer Everts), and the present mission of the church in the world (Jeffrey S. Lamp). The Preface to the book is offered by Amos Yong. The volume concludes with an extended response to these studies by N.T. Wright where he enters into constructive conversation with his Pentecostal dialogue partners, a conversation that is certain to continue.
