On October 1, the U.S. health care system moves to the International Classification of Diseases, 10th Revision – ICD-10. Successful implementation of ICD-10 is important to us, the health care community, and the beneficiaries and consumers who rely on health care services. Recognizing that health care providers may need help with the transition, CMS has established an ICD-10 Ombudsman and ICD-10 Coordination Center to help track, triage, and resolve issues.
