Jon Cannon. Britain is a treasure trove of medieval architecture. Almost every village and town in the land holds a church that was built during the period, and their history is legible - to those who know how to look - in every arch, capital, roof vault, and detail of window tracery. By learning how to identify the stylistic phases that resulted from distinctive shifts in architectural fashion, it can be possible to date each part of a church to within a decade or

Architecture played a very important role for the church in Medieval England.

The more splendid the architecture, the more the church believed it was praising God.
