Microblading is currently the fastest growing service in the cosmetic tattooing industry. The procedure is performed by manually depositing pigment into the dermis with the use of a disposable hand tool and high quality pigments. To become a microblade master, it is important to have a thorough understanding of skin physiology, color theory, eyebrow shaping, contraindications, blood borne pathogens, and safety and sanitation practices. This manual is intended to give you a deeper understanding of these theoretical subjects, along with step-by-step procedures to enhance your hands-on training.

Have you ever dreamed of becoming a professional microblading educator? This manual will guide you step-by-step from gaining salon interest to booking your first microblading course. Included are all the tools needed to become a well qualified and successful educator, such as: class and demonstration checklists, an hour-by hour course breakdown, class outline for students, registration form, written and practical assessment forms ... and more!

Due to his success, he gained employment at larger agencies providing additional responsibility, a wealth of knowledge and the inner workings of security. Menser has personally experienced every capacity of security from actual security guard service to middle and upper management services as well as sales representative for ERS Security and Detective Agency (bodyguard).

What do grandmas and 'Gram girls have in common? They are all getting their eyebrows tattooed! In her first book, semi permanent makeup artist, beauty science lover, and researcher Hannah Maruyama tackles some of the most frequently asked questions about microblading and semi permanent makeup. This book will help you decide if semi permanent makeup is the right choice for you, explain how to choose an artist, and dispel the facts and fictions around this increasingly popular procedure. If you are interested or thinking about microblading or any other form of semi permanent cosmetics, you need this book!

FUNDAMENTALS OF MICROBLADING FOR COSMETIC TATTOOISTS: EYEBROW FEATHERING ESSENTIALS Fundamentals of Microblading for Cosmetic Tattooists is an instruction guide for new or developing technicians. Unlike other texts in the permanent make up field, this book focuses solely on the feather eyebrow tattoo or hair stroke methodology. The sweeping popularity of this technique has created an influx of new tattooists entering the industry. Ensuring that you are well trained in the theory and technique of this process is something that should not be compromised. As skill levels vary largely between technicians, there is a need to provide quality information about what works and what doesn't when feathering. Skillful technicians are more capable, practice with confidence, and operate a successful business in an environment where reputation is critical. If you are paying thousands of dollars to take 1-2 day microblading courses, consider this book as a very cheap investment in your education. The content has been priced extremely low compared to other resources on the market. This is so that technicians have access to information on minimum standards, thereby maintaining the integrity of our profession. You will find information covering subjects such as: What is Microblading? Difference Between Machine and Microblading Safe Working Practices Choosing Clients and Contraindications Lighting Table Set Up Microblading Tools Assembly and Use of Microblading Hand Tool Pigments Skin Anatomy Tattooing Over Scars Microblading Technique & Steps Aftercare Removal and Corrections Maintenance of Eyebrow Tattoo Client Healing Common Microblading Mistakes to Avoid And more!

amiea, global leader in permanent makeup, together with Toni Belfatto gather all the knowledge that is needed to start a career as an artist. amieas ambition is to provide every permanent makeup artist with the tools, knowledge as well as devices and pigments, to earn an income and to experience an unique lifestyle. This book combines knowledge and art. It includes summaries, ideas, and projects, and reveals the secrets of dermopigmentation: a science in which there is still a lot to discover. The globally renowned micropigmentation artist Toni Belfatto, together with technical contributions from the amiea International Master Trainers Elena Nikora and Olga Kravchenko as well as the Head of Academy Sara Lopez, has compiled all the information, techniques, and insider know-how you will need to start your artist career with the best possible knowledge. In ten years amiea has become the world leader in micropigmentation. This book, like any other amiea product, proves that the brand is setting standards through innovation and highest quality with passion "Made in Germany".

If you want to become a great artist in microblading, master the basic patterns! By playing around with the patterns, you will unleash your creativity in this amazingly fun art. And you can make decent money along the way when you become good at the art of microblading on the eyebrows for your clients.This book shows you how easy microblading is if you know how to do it the fun way. Many people learn it the hard way by copying what other people do. No, no, no! The easier way is to start from very simple, basic patterns and go from there. I will show you the easy and fun techniques to learn microblading, so easy that even Peter Rabbit can do it!You don't believe me? Check out my Vimeo.com channel and see it for yourself: https://vimeo.com/channels/1243597And you should join my Facebook group which has a lot of information, techniques, and experience shared by other artists: Free Microblading & PMU Worldwide! have talked to a lot people who spent over \$5,000 on learning microblading classes, and they got nothing to show for it. Why is that? Because they believed in the hype and false prestige! More importantly, they got duped into learning the wrong methods.My techniques are very simple. In fact, they are deceptively simple, and that's the whole point. I take you from the simple steps, then gradually I help you play around with the patterns so that at the end of the book you can put these together to build the brows styles your way and the way you want!Happy microblading, folks!

This manual is devoted to the precision art and science of Microblading, designed to help you succeed in professional applications of Microblading.
