Remember the smell of Castrol R at a 1960s scramble? Or riding a 1970s trials bike through every type of natural obstacle possible? If you want to revisit those memories, or relive the competition of earlier times, this book is for you. Buying, restoring, and riding classic off-road competition bikes is now something that you can do! This book gives enthusiasts of classic off-road competition motorcycles a step-by-step guide to a full restoration. Covering dismantling the motorcycle and its components, restoring and sourcing parts, paint spraying, decals and polishing. With chapters covering engine, frame, forks, fuel, exhaust, seat, brakes and tyres, you'll see how to take a bike from scratch to a full rebuild; then on to safe set-up and general maintenance. Includes chapters focussing specifically on pre-65 and twin shock models.

Go on a 60-year ride with Harley-Davidson's Sportster Things got a little weird in the American motorcycle industry after World War II. People hungered for new motorcycles, buying just about everything manufacturers could build. But on rare occasions a manufacturer produced a machine that nobody wanted. Such was the case with the Harley-Davidson Model K. The Model K had most of the features buyers wanted in a modern machine, like hand-operated clutches, foot-operated shifters, and cool-running aluminum heads, but it lacked perhaps the most important technological upgrade: a modern overhead-valve valve-train design. The Model K retained the antiquated side-valve design because of arcane AMA racing rules written when Harley-Davidson and Indian competed head-to-head on American racetracks, but by 1952 Indian was on its last legs. This should have made the Model K a massive sales success. What nobody counted on was the British bike invasion. Thanks to their modern overhead-valve engines, the lightweight British bikes humiliated the side-valve Harleys on the track and on the street. Upgrades to the Model K didn't help. Harley finally relented and introduced a new overhead-valve middleweight for the 1957 model year. Dubbed the Sportster, it was everything the Model K was not. More importantly, it was faster than the British competition. Thus began the Sportster's sixty-year reign. Harley-Davidson Sportster: Sixty Years tells the complete Sportster story. Noted Sportster expert Allen Gindler covers all the bikes—the XLCH, Cal, Racer, XR1000, XLX, 883, Iron, Forty-Eight, Seventy-Two, and Nightster—that have made the Sportster one of the most iconic motorcycles on earth.
