~~Provence: Art, Architecture and Landscape by Rolf Toman~~

In each chapter of this book there is an overview of the area with a street map, many large color pictures, and texts that describe the history, geography, art, culture, and lifestyle of the area. The reader sees and experiences how Romanesque culture lives on through cloisters and churches and the Provencal landscape right up to the present day. The light and colors of the plants and wildlife ...

5.0 out of 5 stars Provence Art Architecture Landscape. Reviewed in the United States on October 29, 2000. I found the book very useful in preparing for a vacation in Provence. It provides more information than most standard guide books, and a visual reference to planning where to spend our time. The book includes handy maps, floor plans of historic building, historical context and information ...
