A literary discovery: an
uproarious tragicomedy
of modernization, in its

Get Free Saatleri

first-ever English translation Perhaps the greatest Turkish novel of the twentieth century, being discovered around the world only now, more than fifty years after its first publication, *The Time Regulation Institute* is an antic, freewheeling send-up of the modern bureaucratic state. At its center is Hayri Irdal, an infectiously charming

Get Free

Saatleri

antihero who becomes entangled with an eccentric cast of characters—a television mystic, a pharmacist who dabbles in alchemy, a dignitary from the lost Ottoman Empire, a “clock whisperer” —at the Time Regulation Institute, a vast organization that employs a hilariously intricate system of fines

Get Free Saatleri

for the purpose of changing all the clocks in Turkey to Western time. Recounted in sessions with his psychoanalyst, the story of Hayri Irdal ' s absurdist misadventures plays out as a brilliant allegory of the collision of tradition and modernity, of East and West, infused with a poignant blend of hope for the promise of the

Get Free

Saatleri

future and nostalgia for a simpler time. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust

Get Free

Saatleri

the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

From the author's preface: Sublime Porte--there must be few

Get Free

Saatleri

terms more redolent, even today, of the fascination that the Islamic Middle East has long exercised over Western imaginations. Yet there must also be few Western minds that now know what this term refers to, or why it has any claim to attention. One present-day Middle East expert admits to having long interpreted

Get Free Saatleri

the expression as a reference to Istanbul's splendid natural harbor. This individual is probably not unique and could perhaps claim to be relatively well informed. When the Sublime Porte still existed, Westerners who spent time in Istanbul knew the term as a designation for the Ottoman government,

Get Free Saatleri

but few knew why the name was used, or what aspect of the Ottoman government it properly designated. What was the real Sublime Porte? Was it an organization? A building? No more, literally, than a door or gateway? What about it was important enough to cause the name to be remembered? In one sense, the purpose of this

Get Free

Saatleri

book is to answer these questions. Of course, it will also do much more and will, in the process, move quickly onto a plane quite different from the exoticism just invoked. For to study the bureaucratic complex properly known as the Sublime Porte, and to analyze its evolution and that of the body of men who staffed it, is to

Get Free

Saatleri

explore a problem of tremendous significance for the development of the administrative institutions of the Ottoman Empire, the Islamic lands in general, and in some senses the entire non-Western world.

Many of the earliest books, particularly those dating back to the 1900s

Get Free

Saatleri

and before, are now extremely scarce and increasingly expensive.

We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

In this sequel to his highly acclaimed Bureaucratic Reform in the Ottoman Empire,

Page 28/40

Get Free

Saatleri

Carter Findley shifts focus from the organizational aspects of administrative reform and development to the officials themselves. A study in social history and its cultural and economic ramifications, Findley's new book critically reassesses Ottoman accomplishments and failures in turning an

Get Free Saatleri

archaic scribal corps into an effective civil service. Combining scrutiny of well-documented individuals with analyses of large groups of officials, Findley considers how much the development of civil officialdom benefited Ottoman efforts to revitalize the state and protect its interests in an increasingly competitive

Get Free

Saatleri

world. Did reformers' initiatives in elite formation significantly broaden the social bases of officialdom and its capacity to represent Ottoman society? Did prospective officials profit from educational reform so as to achieve higher levels of qualification over the generations? How did cultural tensions of the

Get Free

Saatleri

reform era affect civil officials? To what extent did impersonal procedure and new ideas of professionalism supplant patronage and old scribal role concepts? How well did the state succeed in rewarding good service and protecting its officials against shifting economic conditions? The answers to such questions

Get Free Saatleri

illuminate major issues of social integration and cultural change and clarify links between economic conditions and changing forms of political activism.

Originally published in 1989. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from
