"Based on the New Oxford dictionary of English"--Preface.

The legendary Oxford English Dictionary today contains over 600,000 words and a staggering 2,500,000 quotations to illuminate the meaning and history of those words. A glorious, bursting treasure-house, the OED serves as a guardian of the literary jewels of the past, a testament to the richness of the English language today, and a guarantor of future understanding of the language. In this book, Charlotte Brewer begins her account of the OED at the point where others have stopped--the publication of the final installment of the first edition in 1928--and carries it through to the metamorphosis of the dictionary into a twenty-first-century electronic medium. Brewer describes the difficulties of keeping the OED up to date over time and recounts the recurring debates over finances, treatment of contentious words, public vs. scholarly expectations, proper sources of quotations, and changing editorial practices. With humor and empathy, she portrays the predilections and personalities of the editors, publishers, and assistants who undertook the Sisyphean task of keeping apace with the modern explosion of vocabulary. Utilizing rich archives in Oxford as well as new electronic resources, the author uncovers a history no less complex and fascinating than the Oxford English Dictionary itself.

As well as over 4000 clear and concise entries, this dictionary also contains biographies of key figures in world history. Other useful features

include, subject entries on religious and political movements, maps, and full international coverage.

Who? What? Where? Why? Enquire within for a wealth of fascinating and authoritative information on the stories behind words, names, and sayings. - ;What is a ham-and-egger? What are Anglo-Saxon attitudes? Who or what is liable to jump the shark? Who first tried to nail jelly to the wall? The answers to these and many more questions are in this fascinating book. Here in one volume you can track down the stories behind the names and sayings you meet, whether in classic literature or today's news. Drawing on Oxford's unrivalled bank of reference and language online resources, this dictionary covers classical and other mythologies, history, religion, folk customs, superstitions, science and technology, philosophy, and popular culture. Extensive cross referencing makes it easy to trace specific information, while every page points to further paths to explore. A fascinating slice of cultural history, and a browser's delight from start to finish. What is the fog of war? Who first wanted to spend more time with one's family? When was the Dreamtime? How long since the first cry of Women and children first? Where might you find dark matter? Would you want the Midas touch? Should you worry about grey goo? -

Encompassing all words current in general English from 1700 to the present day, this dictionary provides more than 600,000 definitions and more than 85,000 quotations from seven thousand authors.

This fully updated edition offers over 120,000 words, phrases, and definitions. It covers all the words you need for everyday use, carefully selected from the evidence of the Oxford English Corpus, a databank of 21st century English, containing over 2 billion words. The Factfinder centre section gives quick-reference entries on topics including famous people, countries, and science. Includes 3 months' access to Oxford Dictionaries Pro at oxforddictionaries.com.
