Nothing or no one could ruin their happiness except Tasheem who popped up outta nowhere. Caleek is stuck between his past and future because he doesn't know who to believe. Can he forgive Yariah if it comes out she's the one who abducted his ex or will he dig deeper and find the truth to clear her name? Tasheem returned from the dead, however: she was alive and well. Of course, she accused Yariah as being the woman who committed the acts on her but is she right? Did the woman she despised years ago conspire to have her killed? In Tasheem's mind, her accusation is correct until they go to court and something makes her doubt everything she thought she knew. Cazi took a DNA test for Destiny, yet the results are not what he expected. With Amara stuck in the hospital, time is of the essence for him to reveal the truth. He doesn't want to cause her any pain, but he finds out some disturbing things his wife has done in the past and will have to find a way to handle it. He now has to step up and do what's right but what happens when he tries, and it's too late?

Now that Tasheem had found out her son may be alive, she will stop at nothing to find the truth, even if it means teaming up with the person who hates her the most. After hearing Lori admit to setting up the ambush with her cousin, Tone, Yariah decides she's heard enough and takes matters into her own hands. Unfortunately, it's at a high cost, and Caleek will do anything possible to save her. With Tarahay still out there, Songi decides to stay away from Aphrodite, hoping to keep his ex from causing any more harm. However, with him and Ro in a fresh relationship, they couldn't be away from each other too long. The time will come for Songi to confront Tarahay, but at what cost? Will she learn to respect his life, or will he have to take hers? Amara is forced to make a decision when it comes to her marriage. Not knowing what to do, she tried her best to stay away, but Cazi isn't giving her the time she needs. The situation is devastating, yet she has to make a choice. In the final installment, will these couples make it, or will one, if not all, go their separate ways to avoid any more drama?

Caleek Simms has everything going for himself. He had money, the perfect woman and what he considered the perfect life. One would assume he'd be happy, but it was far from the truth because the woman he really wanted, he couldn't have. That is until someone took away his longtime love and placed his true love in front of him. However: the past never seems to stay there and when it starts to resurface will he be able to handle the truth? Yariah Perry grew up in a two-parent household, but behind closed doors, it wasn't the picture perfect family one would think. Having an alcoholic mother who was abusive to her and her father took a toll on her. No matter how much love she gave her mother, it never seemed to be good enough. Lo and behold her knight and shining armor came around, lifted her spirits and made her believe she could be loved. Unfortunately: just as the two of them make things official, they're hit with a bombshell that will question everything they've felt for one another. Find out if they can keep their Gangsta Luv going or is it beat to let it go.

Young Hennessy's last memory of her mother is of her lying on a dirty hotel room floor covered in blood. Although the children were not hurt, Hennessy and her unborn brother don't walk away unscathed. Due to witnessing her mama turn tricks while pregnant with her brother, and her father pimping her out, Hennessy develops an unwanted stigma on her brother, and her brother, Dominique, survives the attack on his mama, but just like the old saying goes, the apple doesn't fall too far from the tree. The same hood that's filled with trouble, drugs, and dope boys who once coveted her mama is Hennessy's home, and the dope boys now lust for her. Unlike Champagne, Hennessy isn't allowing her beautiful body and drop dead gorgeous looks to overtake her. Unfortunately, wherever Hennessy goes, drama follows. And when she finally falls hard for someone who's just as dope as the drug dealers who overcrowd her neighborhood, it opens the door to her fuzzy past. Secrets are exposed, and with her mother's turbulent past, she is forced to face her demons. In the process, she will gain more than she bargained for. In Sha Jones' latest tale, she takes you on an emotional rollercoaster loaded with love, drama, and raw passion from an 18-year-old girl who all the dope boys love.
