The Military Revolution: Military
Innovation and the Rise of the West,
1500-1800, by Geoffrey Parker (1988) The
advent of gunpowder weapons dramatically
changed warfare during the late Middle Ages
and early modern periods. Gunpowder was
a Chinese invention. Why then was it the
West that came to adopt it so completely
and use the weaponry designed to employ it
to put itself in a position to dominate much
of the world by the 19 th century?

the European way of war caused by introduction of portable firearms.

~~Military Revolution | Military Wiki | Fandom~~

The Military Revolution is the theory that a series of radical changes in military strategy and tactics during the 16th and 17th centuries resulted in major lasting changes in governments and society. The theory was introduced by Michael Roberts in the 1950s as he focused on Sweden 1560 – 1660 searching for major changes in the European way of war caused by introduction of portable firearms. Roberts linked military technology with larger historical consequences, arguing that innovations in ...
