Most European monarchs
claimed to rule by divine
right. Individual greatness
was integral to the
Renaissance and the
Industrial Revolution. The
stress on the power of the
individual reached new
levels in the 20th century,
as dictatorships of the left
and right elevated their
leaders to god-like status.

The Position of the Individual in the Process of Cross ...

The relation between individual and society is very close. Essentially, "society" is the regularities, customs and ground rules of antihuman behavior. These practices are tremendously important to know how humans act and interact with each other. Society does not exist independently without individual. The individual lives and acts within society but society is nothing, in spite of the ...
