Words in Deep Blue is a young adult book about love and grief. It's a story filled with loss and mourning yet also hope and love. While this is a YA book, evidenced by the age and by some of the actions of the main characters, Rachel and Henry, the writing was eloquent and the topics are relatable.

“One of the loveliest, most exquisitely beautiful books I’ve read in a very long time. . . . I didn’t just read the pages, I lived in them.”
—Jennifer Niven, New York Times bestselling author of *All the Bright Places* A beautiful love story for fans of Jandy Nelson and Nicola Yoon: two teens find their way back to each other in a bookstore full of secrets and crushes, grief and hope—and letters hidden between the pages. A soaring novel by the critically acclaimed author of *The Half Life of Molly Pierce* and *The Lost & Found*, perfect for fans of Jennifer Niven and Rainbow Rowell. Part mysterious adventure, part love letter to the power of books, this is a brilliantly woven novel about loving, reading, writing, grieving, and finding the strength to take a leap. Lottie Reaves is not a risk taker. But she’s about to take a leap into the unknown... When Lottie's beloved Aunt Helen dies of cancer, it upends her careful, quiet life. Aunt Helen wasn’t a typical aunt. She was the world-famous author of the bestselling *Alvin Hatter* series. She knew a thing or two about the magic of writing, and how words have the power to make you see things differently. In her will, Aunt Helen leaves Lottie a series of letters—each containing mysterious instructions. As Lottie sets about following them, she realizes they’re meant to make her take a risk, and, for once in her life, really live. But when the letters reveal an extraordinary secret about her aunt’s past—and the inspiration for the *Alvin Hatter* series—Lottie finds herself faced with an impossible choice, one that will force her to confront her greatest fears once and for all.

'We've got at least seven hours to get what we want before the sun comes up.' School is over, and Lucy has the perfect way to celebrate: tonight she's going to find Shadow, the mysterious graffiti artist whose work appears all over the city. Somewhere in the glassy darkness, he's out there, spraying colour, birds and blue sky on the night. And Lucy knows that a guy who paints like Shadow is someone she could fall for - really fall for. The last person Lucy wants to spend this night with is Ed, the guy she's managed to avoid since punching him in the nose on the most awkward date of her life. But when Ed tells Lucy he knows where to find Shadow, the two of them are suddenly on an all-night search to places where Shadow's pieces of heartbreak and escape echo off the city walls. And what Lucy can't see is the one thing that's right before her eyes.

Uncovering an ancient evil, Serafina, a mermaid of the Mediterranean Sea, searches for five other mermaid heroines who are scattered across the six seas, to save their hidden world.

In a small wooded lot a busy woman stumbles upon a strange doll the neighbors possibly left. She attempts to reveal who brought the toy to her home, but she uncovers no real leads. Then when a letter turns up asking her to give the doll away as soon as possible, she ends up on the edge of reason as the doll is in the midst of being reclaimed by someone. The doll although small and cuddly resembles a somewhat black entity similar to a doll she keeps in her home, but when a nearby psychic and fortune teller comes to her home asking her to give up the doll to keep her sanity, but she refuses. The stuffed animal then turns out to be more than she bargained for when the bear starts to grow a tail and red eyes. When she discovers those details, she desperately tries to send it away to a pawn shop owner, but the next day he ends up dead, and a new feeling that the stuffed bear may not be what she considered a stuffed cuddly toy anymore. The story focuses on the character of Mary, and the stuffed bear that she suddenly inherits when the doll is left on her doorstep. She finds that although the stuffed bear did have an owner, he ended up in a mental institution, and the bear was simply left behind, either by someone else or the bear itself. She doesn't want to come to the terms that it could have ended up on her doorstep, by itself, but when the tale that the previous owner claimed is finally revealed, she desperately searches for an answer to the horror of Truggle.
